

SPECIAL PRICING

\$99 VASCULAR SCREENING

Pricing good all year through September 30, 2026.

ONE TEST. MULTIPLE INSIGHTS.

**Vascular disease is often silent,
but one screening can reveal multiple issues.**

By assessing your carotid arteries, abdominal artery, and ankle-brachial index, a vascular screening detects problems early, helps prevent serious disease, and empowers you to take control of your health.

**To schedule your screening with
Memorial Physician Clinics
Vascular Surgery Consultants, call
(228) 575-1300**

\$99 to be paid at time of service. Mention the special pricing when scheduling your appointment. The special discounted price includes the vascular screening and interpretation reading fee. **This is only a screening, not a diagnostic result.** Redeemable only at **Memorial Physician Clinics Vascular Surgery Consultants** through **September 30, 2026.**
Insurance will not be filed.
